RE: Sitescape Letter of Recommendation

To Whom It May Concern:

Over the past two years, Moriyama & Teshima Planners, as landscape architects for the Goldring Student Center, have been working with Sitescape as the landscape contractors on this prestigious and important civic space for Victoria University in the University of Toronto. This project had a landscape contract amount over \$500,000. Sitescape's workmanship related to all aspects of the construction was performed with a high level of care and precision. They have proven to be exceptionally capable of working on high profile projects that require an extreme level of detail and workmanship. Moriyama & Teshima Planners look forward to working with Sitescape in the future.

If you require any additional information, please do not hesitate to contact me personally.

Sincerely,

Nick Onody
Landscape Architect
